REPLY to DCH Once 47640, CSC/MLC/commerce Letter 340,  
3-14-63 dated 2 May 66

Manuel. Antunes

A130260

As requested in Commerce Letter 818, 3-140-13, a representative of this office called on the source of [redacted] to determine if he had any specific knowledge on the subject of the shipment of US goods to Cuba via Mexico. The source was cooperative and pleased with the interest taken on the information he previously provided on the subject, but was unable to supply specific details. His best effort was only a general outline and a claim that many individuals have made lots of money selling machinery to Cuba at a 100 per cent profit.

Shipment of US Products to Cuba via Mexico

REF : Case 47640

1. In response to referenced case, S. Acosta called on Manuel F. Artim <sup>A 1302-60</sup> ~~Bunza~~ on 16 May 66. Artim is the source of [redacted] He is also well known indeed to the clandestine services. He was very cooperative and pleased with the interest taken in the information provided by him on the subject. However, he was unable to supply specific details and his best effort was a general outline and a claim that many individuals have made lots of money selling machinery to Cuba at a 100 per cent profit.

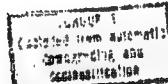

2. The only incident he discussed, in general terms, was a shipment of chemical products and machinery allegedly purchased by the University of Mexico and later sold to the COC. Artim claims to have had copies of the invoices covering the entire transaction. He also claims that these documents were turned over to the Agency approximately two years ago. Beyond this information, he was unable to discuss this particular shipment further.

3. His source of information on shipments from the US to Cuba through Mexico is [redacted], Cuban national residing in Mexico and DIA representative in the country. He promised to research his files in Miami and Mexico for extra copies of these invoices or any other documents that may substantiate his allegations. He also added that Dr. Alvarez will be in Miami in the near future, and he would arrange an interview between Acosta and [redacted]. He is positive that Dr. Alvarez will be able to provide the specific information desired.

Recent Travels of Manuel Artine

Records of the US Immigration Service show that Manuel Artine has made numerous trips in and out of Miami between 5 and 13 May 64. IAMS records show the following:

- a. On 30 April Artine was issued an I-312 type visa good for travel to Costa Rica, Nicaragua, and the Dominican Republic. He departed from Miami on 5 May 64 for Managua, Nicaragua on Lanica Flight number 413. He returned to the US on 11 May 64. No flight information available on return trip.
- b. An I-312 was issued in his name on 5 May 64 good for travel to Costa Rica and the Dominican Republic. Artine left Miami on 11 May and returned on 12 May 64.
- c. Another I-312 was issued in his name on 11 May, and he left Miami on 13 May on Pan American flight number 303 for Managua. His IAMS file does not presently show evidence that he has returned to Miami from this trip. A reliable IAMS official has orally confirmed to us this date that Artine has not in fact returned from his latest trip abroad.

1. Late in 1965, General Anastacio Somoza, Director, National Guard of Nicaragua, was a patient in Baltimore's John Hopkins Hospital for approximately one month. I visited the General at the hospital in two occasions and was appalled at his appearance; he was a very sick man. He was suffering from hepatitis and had had a nervous breakdown. As part of the treatment, he was placed on a very strict diet, and advised to stop drinking. Presently, Somoza is following the diet religiously; he takes a sugar substitute with his coffee, and has drastically curtailed his drinking. Apparently the diet has been successful, for Somoza has lost much weight.
2. In February 1966, I visited Nicaragua and called on General Somoza on a business matter. He appeared healthy, strong and was in jovial spirits. We discussed politics, and his presidential candidacy for next year's elections. He is confident about the outcome of the elections; there is no doubt in his mind that he will be the next President of Nicaragua.
3. In my opinion, behind the confidence and optimism is the nagging fact that the Somoza name is automatically identified with dictatorships. He would like to change the image the Somoza name has created throughout Latin America. This is his real motivation in seeking the presidency, and abandoning the directorship of the National Guard. He rejoices in the fact that President Shick, a duly elected president, will serve his full term and will be succeeded by another elected president. Somoza has all intentions of stepping aside at the end of his term in favor of the then elected president. He desires the Somoza name to be synonym of prosperity, stability and democracy in Nicaragua.

[This report was developed by an Air Force representative assigned to the office of preparation.]

My contacts in Cuba informed me that, as a result of the Tri-Continental Conference during January 1966, Cuba would instigate a Viet-Nam peace movement throughout Latin America. This peace movement would be spearheaded by Fidel Castro who would propose that all peace loving countries join together to boycott vessels carrying war materials to South Viet-Nam as a step towards a peaceful solution in Viet-Nam.
